

Pink Lightning

Height of plant *50cm*
Flowering time *Late August 1st*

THE PANICLE

colour *Red-purple group 63C and silver*
shape *Rhomboid*
size *28cm x 16cm*
density *Dense*

Lowest branch

angle of branching *30°*
length *12cm*
density of flowers *Dense*

THE FLOWER

diameter *4mm*
Petal
colour *Silvery*
shape *Spatulate*
size *2mm x 2mm*
Sepal colour *Silvery*
Filament colour *Red-purple group 63C*
anther colour *Red-purple group 63C*

THE LEAF

size *28cm x 16cm*
colour *Deep green*
nodes *Red*

Terminal leaflet

surface *Matt and smooth*

HISTORY

Raised by Wim van Veen in Holland in 1990's and introduced in 2000.

ASSESSMENT

A very good late flowering dwarf cultivar.
